Work experience

Manna Natural Cosmetics Ltd.

2020 –

Position: Full-time, PHP Fullstack webdeveloper

My current workplace is **Manna Natural Cosmetics Ltd.** (*manna.hu*), which is a hungarian multinational company that deals with natural cosmetics through their webshop and resellers. It was founded in 2010 and today it is already present in 7 different countries.

With thousands of active users from all around the world, Manna requires a strong and durable webshop. My role at Manna is to develop new features & modules, create campaigns, fix bugs and to keep the webshop up-to-date.

- PHP / Laravel framework / MySQL database

Kinda Europe Kft.

2020 –

Position: Developer

My sister founded her company **Kinda Europe Kft** (*kindaclothing.eu*) in 2020. november. Kinda is selling self designed, custom tailored clothing.

The Webshop is 100% my work: from UI & UX design to coding I'm responsible for the whole project. I consider this as one of the most complex projects of mine: with custom payment & billing system, administration panel, integrated analytics and email marketing.

- PHP / Laravel framework & LiveWire / MySQL database

5mart.studio

2019 – 2021

Position: Subcontractor, PHP Fullstack webdeveloper

Between 2019 - 2021 I was working as a contract worker at **5mart Studio** (*5mart.studio*). Through them, I've been able to work with several customers including more reputable ones.

My most notable customers were **HBO Hungary**, **Globus Hungary**, **iTOLC Language School** and **Patent Organization** - among others.
